First

A list of 17 names identified, of the 30 bodies which appeared in Pila last year. They were assassinations committed in reprisal for the death of General Actis and were attributed to military units from the Campo de Mayo. The list was obtained in an extraofficial way from government sources, as the government has not publicized the names. The information should be returned to Argentina

A photocopy of an urgent communication sent to the OAS by the family of prisoners in the La Plata Prison who know that the prisoners have been condemned to die one after the other. (it is the same list of 41 persons which the State Department has and which Jack Andersen aluded to.) The telegram advises as to what is about to occur with Angel Giogeades Gutierrez, as it actually did happen later. After the prison change referred to in the cable, his wife received the information that he had killed himself. Until this date (March 3) his body has not been given to his wife in spite of all her endeavors. We know he was poisoned. On this list Cabo and Rapaport have now also ben assassinated. Angel Giorgeades Gutierrez was a swimmer. Enclosed is a photo of the 11th of July of 1965 when he gained a swimming prize in Ilha B 11a, Caraguatatuba Estado de Sao Paulo, Brasil. He swam 11 hrs. 15 minutes in the sea and gained the contest. He is the person in the white towel and black swim trunks in the picture. There is another photo with his son.

Rosario, 3 de marzo de 1977

Te envío dos materiales.

Primero: lista de 17 nombres identificados de los 30 cadáveres aparecidos en Pilar el año pasado. Son asesinatos cometidos en represalia por la muerte del general Actis y atribuidos a unidades militares de Campo de Mayo, donde los jóvenes citados habrían estado prisioneros en forma oculta. La lista ha sido obtenida en forma extraoficial de fuentes gubernativas, pues el Gobierno no ha dado publicidad a los nombres. Habrá que hacerla llegar de vuelta a la Argentina.
